2 hours less without meal stop

Maximum Group Size: 50

Minimum : 15

Includes: H1 Open air Hummers, comfortable shuttles to Joshua Tree, National Park expert guides, park entry and an optional lunch or dinner stop for a Western Barbeque meal.

Tour Description:

Your adventure begins with a climate-controlled shuttle that picks you up from your hotel and whisks your group to the Mojave desert and into Joshua Tree National Park. Here your Hummers will be waiting for you. Certified National Park Wilderness Guides will educate and entertain your guests on the entire journey.

As we are limited to how many guests can be on a particular trail walk at one time, we break your group into two.

The first group board H1 Hummers to further explore the park. Enjoy the fresh air and open experience of our military Hummers as we visit some of the most photographed areas of the park. The expert military Hummer driver will share his knowledge about the parks marvels while giving everyone an ADVENTURE in the great outdoors.

We begin the Hummer adventure on an old goldmine road to view some of the largest Joshua Tree in the park while passing jaw-dropping views of gigantic boulders millions of years old on both sides of the road. The Hummer tour is guided by a National Park naturalist that will give you a glimpse and deeper understanding of the parks geological and cowboy western past.

ADVENTURE HUMMER TOURS

"It's not just another vacation, it's an ADVENTURE!"

760-760-TOUR (8687) / 877-656-2453

A couple of spectacular photo stops are also made on your open-air Hummer adventure. One such stop is at one of the highest points in the park. From this point you will be able to see as far as Mexico on a clear day. You will actually see Palm Springs and maybe your resort from a mile high.

A SPECTACULAR TEAM BUILDING HIKE

The best part of this group event is to allow everyone to soak in the splendor of this awe-inspiring place. Enjoy grand vistas of expansive deserts as we journey to a place little changed since the last ice-age retreated.

The 2nd group will join the open air Hummer experience after they are finished with the HIGHLIGHT of the tour - a 1.5 hour stop for an optional walk and photo stop with a snack at one of the most spectacular areas of the Park.

Once almost inaccessible to the general public, the Barkers Dam area offers a rare glimpse into the past. We see evidence of an old cowboy ranch called Keys Ranch where cowboys ranched the land and gold was being discovered. Our wilderness guide will lead the group into this place of amazing boulders! A nice easy trail takes you back to where there is a fresh water lake. The trail is compact and even paved. It is an easy walk most can do. But, bring some nice walking shoes and a camera. Big Horn Sheep can sometimes be found basking in this hideout between the rock formations.

Our Leave No Trace rules requires smaller groups go on to the wilderness trails. We divide the group between those starting on the Hummer Adventure and those who are making the wilderness walk first. There are ancient Indian Petroglyphs in caves along this path. Boulders many million years old are exposed to the surface and have become a mecca for rock climbers around the world. Be assured, everyone in the group will experience both the open air tour into the park in addition to the invigorating hike with our guide into "Indian territory."

OPTIONAL MEAL STOP - \$50 PP EXTRA - a 1.5 hour Barbeque Lunch or Dinner

Now, you're not in complete isolation. PioneerTown has a place for you to eat and get entertained. Just one, mind you, but what a pleasant surprise ! [Pappy & Harriet's PioneerTown Palace](#). Not at all what you'd expect in the middle of nowhere. We are far from the outback biker's joint stereotypes so often caricatured in Hollywood B movies – empty, sleazy and dirty -. Instead the place is packed, and the music coming from inside sounds fantastic. As you enter a sign above the hostess warns you; *"If in a hurry, you're in the wrong place"*, and indeed the waiting list is a mile long.

This stop gives your group plenty of time to walk through the makeshift Cowboy Town that is still used today for films. You will probably see plenty of people in full cowboy outfits!
(on Tuesdays and Wednesdays we go to the [Joshua Tree Saloon](#) another Western Saloon just outside of the Park.)

WE INCLUDE:

A Choice of

½ Rack of Barbeque Ribs, Burger or Beyond Meat Burger, Full Garden Salad, Salmon

Beverage: Soda, Coffee or Tea

Beer and cocktails can be purchased separately within the Western Saloon.

FAQS

Our Vehicles:

These are the smoothest off road vehicles in the business. An H-1 Hummer is also the most expensive off road vehicle money can buy. Our vehicles can go where no other vehicle can go and do so with lots of extra space – no more banging knees up against other people in a vehicle not meant for large cargo loads. These vehicles are rated at one ton carrying capacity and offer independent suspension to make the journey smooth as glass.

For larger group tours we also will now use Jeeps.

Comfort

Our vehicles feature stadium seating that face forward.

We run our vehicles with no tops most of the year, but we can add one should the sun become a factor in the summer months.

We have the highest safety standard in the business. Our vehicles are open air and provide guests with a full sensory experience of the desert.

A Hummer is twice the size of a Jeep and offers the most exciting and comfortable way to explore the desert.

Our Drivers:

We believe the most essential part of our business is our guides who not only make the tour but provide an essential element of safety in the most rigorous off road conditions. Guides are experts in the knowledge of the desert, it's geology, botany and Indian lore. They are both entertaining and educational not to mention expert off road drivers.

Our Permits:

We have National Park and BLM permits for tours on file. We are the leader in tours to Joshua Tree National Park. We have taken over 35,000 people to the Park. We also have the highest safety standard of any off road tour company in the Desert.
